

THE LONGEVITY FOUNDATION

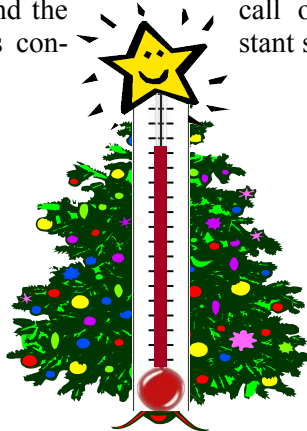

“Collaborative biomedical research of cancer and degenerative diseases associated with auto-immunity, inflammation and premature aging”

Christmas 2009

WE'VE ALMOST REACHED OUR GOAL!

As 2009 comes to a close, **we want to thank everyone** who has supported The Longevity Foundation and our researchers during a very challenging year. Your help has been an inspiration to us all, including the people who work tirelessly everyday to find treatments and cures for the debilitating diseases that rob quality years of life from millions of people across the country. **The researchers are** all thoroughly aware of the backing you have given them and they feel **grateful** personally for the confidence you have shown them. **They have responded with the most productive year in history** as measured by their delivery of a record number of published scientific papers.

We have many, many people to thank for their contributions of not only money, but words and deeds of encouragement and moral support. We don't have space to acknowledge everyone, but we especially want to mention those who have gone beyond the **founding patrons** who have given us con-ago. **The Hannahs, the Robertsons,** been our stalwarts. Some of our **other** a big way this year as they often have: **Stewarts, the Rheinschelds, Tom stars of the year have been Walt,** pletely awed and humbled at what they lievably beautiful creation, “Vigil”, to donated the entire proceeds from the Foundation. Thanks to the Wilkins' over three-quarters complete toward end of the year!

call of duty. First **we want to thank our** stant support since we first began over 17 years **the Smiths and the Nichols** have all **long-time supporters** came through in **Donna Dodson, Bill Worrell, the Cherry, and the Henrys. Our biggest Tina and Luke Wilkins.** We are com- have done by dedicating their unbe- The Longevity Foundation. They have sales of this CD to the work of the and all of our other supporters, we are our fund-raising goal of \$20,000 by the

We have raised over \$16,000 toward our end-of-the-year goal of \$20,000!

Please remember us as you consider your 2009 charitable contributions!

RESEARCH FIELD TRIP IN 2010

We have long taken pride in our approach to funding research into cancer and neuro- and immuno- degeneration. We have only funded researchers who are committed to working collaboratively to find safe and holistic near-term treatments and cures. As a result, an amazing network of some of the most talented researchers in the world has evolved. Sometime in 2010, we are planning to hold an event to allow our sup- porters to inter-act with our leading scientists to see and hear first-hand about their research. Almost every- one we have mentioned this idea to has been enthusiastic about it. Stay tuned for more info!

VIGIL CD CHRISTMAS GIFTS

Vigil CDs make **GREAT** Christmas gifts and 100% of the proceeds are donated to us by Walt and Tina Wilkins! Order yours today for \$15 per copy to get them before Christ- mas. Send your check to The Longevity Foundation at the address below. Ho! Ho! Ho!
